**Forhindrer snø, is og
grums i bindingsfeste
under skistøvelen.**

*Prevents a build-up of snow
and ice under your ski boots.*

Hvorfor SnowBlocker?

Med SnowBlocker smetter skistøvlene raskt på plass uten at du må fjerne snø og grums fra støvelen.

SnowBlocker beskytter mot slitasje.

SnowBlocker er lett og tar liten plass.

God tur med SnowBlocker!

Why SnowBlocker?

SnowBlocker prevents a build-up of snow and ice under your ski boots, allowing the boot to attach to the binding easily and without needing to chisel the soles clean. SnowBlocker also provides an additional protection to the soles.

SnowBlocker is small and light and easy to bring along.

Happy skiing with SnowBlocker!

> SnowBlocker presses underifrå og opp på metallfeste i bindingsfeste

> *Snowblocker is easily pressed onto the metal bar under your boots*
